

## Documentation

State and Federal agencies require impeccable record keeping and documentation of your pharmaceutical disposal in order to remain in compliance. Besides being a requirement, record keeping is beneficial in many ways to the generator for internal audits and training purposes.

At ProVira we understand the importance of accurate and efficient record keeping that needs to be accessible to you at any given time as well as the ability to track all your returns through the disposal process.

### Pre-shipment documentations consist of:

- Support with the profiling of your pharmaceutical waste
- Detailed manifests of your pharmaceutical waste
- Online shipping labels
- Land Disposal Restriction (LDRs) (for **DOT & RCRA regulated waste destruction**)
- DOT required stickers and placards (for **DOT & RCRA regulated waste destruction**)
- Receipt Certificate
- Customer tailored documents

### Post-shipment services include:

- Certificates of Recycle
- Certificate of Destruction
- Customer specific documents
- Online access to documents

### Inspection Support Services

In the course of a regulatory audit inspection rest assured that all necessary documents and support will be available to you at any time. From shipping records to Certificate of Destruction, all documents are archived online so that you can rapidly access the documentation you need it when you need it/
