

Transportation Solutions

ProVira provides its customers with secure and reliable transportation that is fully compliant with DOT regulations for the transport of DOT & RCRA regulated materials and Non- DOT & RCRA regulated materials. ProVira's experienced team has been assisting customers with responsive and efficient transport service management with a flawless record of DOT compliance.

ProVira's expert transportation professionals will work closely with you to assure adherence with all applicable Code of Federal Regulations, particularly shipper responsibilities per 49 CFR Part 173, thereby easing your administrative burden.

Preparation for Transport Compliance

ProVira's team provides assistance to the customer with management of the following critical tasks:

- Preparation of shipping documents
- Proper shipping names
- Classification of waste
- Assignment of identification number
- Emergency response information
- Waste disposal scheduling
- Carrier scheduling
- Container labeling

Variety of equipment through a national network of DOT approved transporters.

Our freight partners must pass a rigorous vetting process that compares the carrier's permits, insurance, training, compliance and safety program to industry best practices. ProVira partners only with the best of the best. With ProVira, the customer gains access to a vast network of highly qualified transporters and a full range of equipment.

- Basic Flatbeds Trailers
- Dry Van Trailers
- Step deck Trailers
- RGN or Removable Gooseneck Trailer
- Specialized trailers
- Conestoga trailers

Documentation services

ProVira provides all documentation required for each shipment. ProVira will customize reports and documents based on the customer's particular specifications, including:

- Bills of Lading
- Waste Manifests
- Receipt Certificates
- Certificates of Destruction
- Container Labeling
- Placarding
