

Witnessed Destruction Services

ProVira Environmental Waste Services is a licensed and insured waste management company with a focus on pharmaceutical drug products and medical devices. ProVira's nationwide logistics network provides flexible scheduling and the disposal capacity you want when you want it.

From the loading dock at your facility to the waste's final destination, ProVira's personnel will work closely with clients and the vendors to assure a smooth and secure operation. We are committed to a program of continuous improvement to deliver complete and up-to-date regulatory compliance to ensure environmentally safe solutions for your waste disposal.

The ProVira Advantage

Product Pickup and Destruction. ProVira specializes in the transportation and proper disposal of non-DOT & RCRA regulated pharmaceuticals, non-DEA controlled pharmaceuticals, DOT & RCRA regulated waste and medical devices.

Hands-on Management. ProVira personnel will help with every critical step along the process from pickup through destruction to assure complete compliance with applicable regulations and reporting requirements.

Forms Management. ProVira's easily accessible on-line library of forms provides the documents required to complete each destruction event.

Accessible Documentation. ProVira provides each client with secure on-line access to all documents pertaining to their return including on-line creation of returns, Certificates of Destruction (COD's), Land Disposal Restrictions (LDR's), and all other documents related to the return.

Highly responsive on-site assistance that will meet or exceed client requirements.

Substantial savings and ease of operations for processing and destruction of returns and outdated pharmaceuticals which minimizes accumulation of unwanted pharmaceuticals at our customer's facility.
